**Important Information regarding supply of laptops for end of 2022 & early 2023.**

Please be aware that lead times for many consumer products are still heavily impacted due to global component shortages as a result of the COVID-19 pandemic.

It is critical that orders are placed prior to advertised cut off dates to ensure your device will be available for collection from the dates selected by the school.

We are commonly seeing lead times for supply of laptops range from 4 – 6 months, which is well above the usual expectation.

We thank you in advance for keeping this in mind when placing your order.
