- Ensuring all staff are aware that they are not to reveal or share personal passwords.

Access and correction of personal information

Under the Commonwealth Privacy Act and the Health Records Act, an individual has the right to seek access to and/or correction of any personal information which the School holds about them. Students will generally be able to access and update their personal information through their Parents, but older students may seek access and correction themselves. There are some exceptions to these rights set out in the applicable legislation.

To make a request to access, update or correct any personal information the School holds about you or your child, please contact the School Principal by email, post, or telephone at 8808 8888. The School may require you to verify your identity and specify what information you require. The School may charge a reasonable fee for giving access to your personal information (but will not charge for the making of the request or to correct your personal information), If the information sought is extensive, the School will advise the likely cost in advance.

If we decide to refuse your request, we will provide you with written notice explaining the reasons for refusal (unless, in light of the grounds for refusing, it would be unreasonable to provide reasons) and how to complain.

Consent and rights of access to the personal information of students

The School respects every Parent's right to make decisions concerning their child's education. Generally, the School will refer any requests for consent and notices in relation to the personal information of a student to the student's Parents. Generally, the School will treat consent given by Parents as consent given on behalf of the student and notice to Parents will act as notice given to the student. Parents may seek access to personal information held by the School about them or their child by contacting the School Principal or by telephone or in writing (details in the section above 'Access and correction of personal information'). However, there may be occasions when access is denied. Such occasions may include (but are not limited to) where the School believes the student has capacity to consent and the School is not permitted to disclose the information to the Parent without the student's consent, where release of the information would have an unreasonable impact on the privacy of others, or where the release may result in a breach of the School's duty of care to the student. The School may, at its discretion, on the request of a student grant that student access to information held by the School about them or allow a student to give or withhold consent to the use of their personal information, independently of their Parents. This would normally only be done when the maturity of the student and/or the student's personal circumstances warrant it.

Destruction of Information

Personal Information collected in accordance with this policy will be destroyed and/or de-identified when that information is no longer required, taking into account any legislative obligations to retain information for any specified periods.
